

ARIZONA DEPARTMENT OF TRANSPORTATION PUBLIC MEETING

Your Input is Needed

On a Proposed Traffic Interchange on I-40 near Rattlesnake Wash in East Kingman

**Tuesday, June 26, 2007
Mohave County Board of Supervisors Room
700 West Beale Street
Kingman, AZ
5:30 p.m. to 7:30 p.m.
Presentation will begin at 6 p.m.**

The Arizona Department of Transportation (ADOT) and the Federal Highway Administration (FHWA), as the lead federal agency, invite you to attend the third in a series of three public meetings regarding a proposed traffic interchange on I-40 near Rattlesnake Wash in east Kingman. Representatives of ADOT and the project team will provide their final recommendations, demonstrate how public input helped shape the recommendations, and request feedback from the public about elements and details of the project.

The Rattlesnake Wash Traffic Interchange study is part of a collaborative project between ADOT, FHWA, the Bureau of Land Management and the City of Kingman. The project will improve access to the rapidly growing east Kingman area and relieve congestion at the East Kingman Traffic Interchange (Andy Devine Avenue). Ultimately, the project would include a new I-40 traffic interchange approximately three miles east of Andy Devine Avenue, as well as local street connections to Airway Avenue, the Airport Industrial Park, Louise Avenue and Hualapai Mountain Road. These improvements were previously identified in the City of Kingman General Plan and the Kingman Area Transportation Study.
